RE: Revised Draft Feasibility Study  
Site 08 - NUSC Disposal Area  
NAVSTA Newport, Rhode Island

Dear Ms. Montegross:

During the conference call on February 17, 2011, EPA and RIDEM conditionally agreed to 30 days for the regulatory review of the Revised Draft Feasibility Study for Site 08 – NUSC Disposal Area. However, due to the recent change in the RIDEM project manager for the Naval Station Newport Site, RIDEM requests the original Naval Education and Training Center (NETC) Federal Facility Agreement (FFA) review and comment period as stated in Section 7.6(e) of 45 days for the review of this document. In addition, pursuant to Section 7.6(g) of the NETC FFA, this Office is giving notification of a fifteen (15) day extension to the 45 day period for this Office's review of the Revised Draft Feasibility Study, Site 08 - NUSC Disposal Area.
